

DIY, Film, & Sharing:

“ALBATROSS”

In the heart of great Pacific, a story is taking place that may change the way you see everything.

THURSDAY

JULY 12th

6:30-9:00 PM

6-7 pm: Refreshments & DIY Opportunities

7:00 pm: Program Starts

P R O G R A M

Join our “Plastic Free July” Event for an evening of connecting to nature and hands-on ways to lessen our impact!

“ALBATROSS” explores the beauty and tragedy in the cycles of birth, life, and death of creatures that live in the middle of the ocean on Midway Island, thousands of miles away from the nearest continent. Director **Chris Jordan** describes the motivations of the Midway Project as a drive to “convey the intensely vivid sensual, emotional, and spiritual experience of being with [the birds] on the island.” The intimacy of the birds’ nurturing, poetic and cyclical lives is starkly contrasted by the shocking images portraying the devastation of the effects of an unhealthy ocean.

Refreshments & DIY Opportunities: Come between 6-7 pm and learn how to make simple products you use every day to eliminate plastics in your life. Bring an earth-friendly, package-free snack to share if you like!
